3SP MISSION STATEMENT

We, the students of 3SP, are ready to have a brilliant year full of fun, friendship and learning!

In 3SP we love learning and are inspired by the risks that others take in their learning.

We **VALUE THE DIVERSITY** in others and know that each person brings unique ideas and opinions to our class.

We give positive feedback to **FOSTER GROWTH** and to support and encourage each other.

We expect excellence and **WORK TOGETHER** to go beyond our best to achieve our goals.

In the face of setbacks we persist to overcome obstacles and love to be challenged. We like to stretch ourselves and use **INTEGRITY** to take risks and learn.

We **RESPECT** each other and know that together we can kick goals everyday!
