Dear Year 3 students,

Your homework for this week is:

**TASK 1**) You need to read for at least 15 minutes, *five nights a week.* You might read to yourself, or read aloud to a parent or sibling to practice your fluency and expression. You may choose to read your levelled home reader, a novel or some non-fiction books you have borrowed from the library or on Reading Eggs. **Remember to record what you are reading in your diary (name and page numbers - see example).**

**TASK 2**) In Reading, we have been learning about how to sequence events and this week we are looking at how we can order events on timelines. Your task is to create a personal timeline of your life showing at least 5 events starting with your birth up to today. Be creative in how you present your timeline. It could be done on paper or on a computer. If you like, you could include photos and descriptions of the events. You could use one of the templates at [http://oakdome.com/k5/lesson-plans/word/putting-events-in-order.php](http://oakdome.com/k5/lesson-plans/word/putting-events-in-order.php) as a guide or come up with your own.

**TASK 3**) We are learning about Place Value at the moment. Go onto Mathletics and complete the Place Value tasks that your teacher has set. Early finishers practise your mental maths by going onto Live Mathletics.

*Please ensure that you complete all tasks and have a parent sign your diary. We follow Department recommendations and suggest that Level 3 students, on average, complete no more than 30 minutes of homework per night.*
